***Review of Sports day and Summer fair**

The children were happy that both went ahead. They felt that they would have liked more races on Sports day. This is a consideration for next year as we are now aware we need to start earlier!

The children thoroughly enjoyed the bouncy castle and slush machine (Thanks to Connie's Nan for providing). They would like more stalls next time but agreed that it was a good starting point.

***Suggestions from the suggestion box**

- Environmental issues. Children felt that we could purchase extra litter pickers so groups of children could keep our grounds clear of litter.
- After school clubs. Children enjoyed the after school clubs we have on offer but would like us to consider including music lessons and a gardening club.
- Playground buddies. Children thought that the older children could spend some time with the younger children to help teach them how to play games.
- School pet. Discussions were had about the pros and cons of a school pet. These included allergies and looking after it during holidays.
- Food. It was suggested that the cheese and bean wraps return to the dinner menu. Mrs Holland explained how the menus were decided upon and that changing them takes a little time and work with the company who supplies our food.

***AOB (any other business)**

Mrs Holland and Mr Larkin thanked all the children for their hard work over the year as their term of office comes to an end.
